<p>What can we offer our partnership schools</p>	<p>Situated in the heart of historic Lincoln, Bishop Grosseteste University has been delivering outstanding teacher training since 1862. As a higher education institution, we are at the cutting edge of educational research and are proud to include class-leading academics within our staff body. Our long-standing ITT partnership is designed to ensure the development of teachers who put the progress and wellbeing of children and young people first; nurturing creative and innovative teachers and other education professionals for the region and beyond. With a commitment to educational excellence, we work closely with over 600 schools covering a wide geographical area and have strong working relationships with our local Teaching School Hubs. We pride ourselves on our heritage as a member of the Cathedral Group of Universities and the caring ethos which underlies all that we do. Through our membership of the East Midlands Collective group of universities, we have collaboratively developed our outstanding mentor training. Our trainees benefit from a curriculum ambitious both in scope and depth and are supported in their studies through a comprehensive network of academic and pastoral support.</p> <p>Schools working within our partnership benefit from:</p> <ul style="list-style-type: none"> • Access to the latest evidence-informed approaches to pedagogy and practice • The opportunities to take part in research activities alongside leading academics • A network of over 600 schools and educational settings • Opportunities for CPD including MA Education and subject specific development sessions • Bespoke mentor training • Enhanced opportunities for recruitment and retention • The opportunity to contribute to the strategic development of the partnership through our steering groups

	<p>We would be delighted to welcome new schools to our partnership. We believe that through sharing our combined wealth of skills, knowledge and talent, we ensure that our partnership is at the forefront of producing the next generation of outstanding teachers.</p>
