	<ul style="list-style-type: none"> • Science (Engineers Teach Physics)
What can we offer our partnership schools	<p>There are many benefits to a school in working with our trainees. They come from many different walks of life, with varied and interesting skills that could enhance the provision for the pupils within your school. There are many possibilities for collaborative work that enhance the learning of pupils when trainees work alongside experienced teachers as expert colleagues.</p> <p>As a University Lead Partner delivering initial teacher training, we offer a rich curriculum developed in partnership with our accredited partner. We have an extensive partnership in this region including more than 200 schools. You can be confident that your school will benefit from the full range of UEA and wider partnership resources and expertise if you choose to work with us. Your school staff will benefit from opportunities that include:</p> <ul style="list-style-type: none"> • access and contribution to partnership training opportunities (eg. Mentor development events and CPD) • recruitment training and contribution to UEA’s recruitment of PGCE trainees • access and contribution to research activity within the School of Education and Lifelong Learning • formal and informal phase and subject-specific networking opportunities • collaborative opportunities that arise from our work across the region with MATS, Hubs and local authorities.
Routes	<p>Qualified Teacher Status* (QTS) and PGCE (90 Master’s level credits)**</p> <p>* Qualified Teacher Status is awarded by the Teaching Regulation Agency on behalf of the DfE and is ratified by the University of Worcester as an accredited provider.</p> <p>**We offer a range of options for further study for qualified teachers to build on their existing professional interests and expertise. These options provide opportunities for teachers to further their careers and support the use of evidence and research in school contexts:</p> <p>Continuing Professional Development - School of Education and Lifelong Learning - About (uea.ac.uk)</p>
