- Fortnightly self-study: complete three Curriculum and Assessment modules

Half term six

- Attend clinic 3
- Weekly mentor meetings
- Fortnightly self-study: complete three Curriculum and Assessment modules

DO:

- ✓ Study fortnightly: little and often is the point of the programme
- ✓ Attend all the events assigned to you: they are mandatory and your school should support you to attend
- ✓ Contact the Julian TSH if you have questions or concerns about the programme

DON'T

- ✗ Complete modules in bulk: cognitive overload will make this less effective
- ✗ Feel you have to catch up if you miss any self-study (e.g. through illness): continue with the fortnightly study
- ✗ Suffer in silence! Check out our website or contact us for help
