Teaching Reading in KS2

Join Literacy Advisor, Rachel Clarke as she considers how to teach guided reading so that it is targeted to children's needs whilst also being manageable to teachers. Explore how to teach vocabulary as part of the reading lesson through the use of Tier 2 vocabulary.

This practical course will look at planning for reading and, as Rachel is a collector of children's books, we look at quality children's books and consider how to use them in our reading lessons.

Course Aims:

- Establish the range of skills involved in being a reader in KS2.
- Consider guided reading as a key pedagogical approach for teaching reading.
- Explore approaches for teaching vocabulary during the reading lesson

Date: 31st January 2024

Time: 9am - 3pm

Venue: The Nest, Horsford
Place are limited- Express an
interest [here](#)
